▶ Supports one local line output, which can be connected to an external power amplifier.

▶ Has a broadcasting function, suitable for general exams or radio broadcasting needs.

▶ Supports U-disk playback, can play files from a U-disk on other terminals.

▶ Has a U-KEY interface, supports user operation authorization. (Optional)

HOLOWITS

PA IPM07A

Main Specifications

Technical parameters	Power supply	DC12V/2A
	Network interface	1 set of RJ45
	Transmission rate	10/100Mbps
	Support protocol	ARP, UDP, TCP/IP, ICMP, IGMP(multicast)
	Sampling rate	8kHz to 48kHz
	Line In input level	400mV (standard 3.5mm audio interface)
	Line Out output level	0.775V (Standard 3.5mm audio interface)
	Frequency response	40Hz to 20KHz(±3dB)
	Total Harmonic distortion (THD@1W)	1% or less
	Signal-to-noise ratio	> 80dB
	Operating temperature	0℃ to 50℃

Appearance

Parameters	Dimensions	240*150*56mm
	Display	7 "resistive touch screen
	Net weight	1.45 KG
	Standby power consumption	< 5W

Notes

▶ Do not install near any heat source, such as radiators, heat storage, stoves and other heating equipment

▶ Never place this product in water leakage or splashing environment

▶ Do not place any source of danger on this product (such as containers with liquid or lit candles, etc.)

▶ Prevent the power cord from being trampled and squeezed; Especially in plug, power socket, equipment power cord outlet position

▶ In lightning weather or long-term use, please unplug the power plug of the product

▶ All maintenance should be carried out by qualified maintenance personnel
